

ABS+

2021-2022

About Us

Academic Behavior Support (ABS)+ provides multi-tiered academic, behavior, and mental health supports. Our team is made up of:

- Licensed psychologists
- Board Certified Behavior Analysts
- Clinical social workers
- Graduate students in school psychology
- Special education teachers
- Paraprofessionals

Who We Serve

ABS+ operates in several elementary and secondary settings in **Canyons School District**. We serve students receiving **special education services** within community schools.

ABS classrooms provide **specially designed instruction** to students whose educational progress is **primarily impacted by behavior**.

Our Services

Tier 1

- Coaching and consultation
 - Support the implementation of social-emotional learning curriculum
 - Support mainstreamed access of ABS students to general education classes
- Support school-wide mental health screening
- Professional development for teachers and other classroom staff

Tier 2

- Implementation of social-emotional and coping skills groups for ABS classrooms as an enhanced service to existing groups by school staff

Tier 3

- Collaborate, coordinate, and support community mental health providers
- Provide individual supports as students return to learning in general education classrooms
