

UTAH SCHOOL MENTAL HEALTH COLLABORATIVE: SCHOOL DELIVERABLES

SOCIAL MEDIA DELIVERABLES

- Create **social media accounts** for each school
 - **Twitter**
 - **Instagram**
 - **FaceBook**
- Train schools on **presence and engagement** on **social media**
 - **Follow** community to increase engagement and collaboration
 - **Participate** in monthly **Twitter chats**
- Monthly **check-ins** with schools to support social media **engagement, presence, and trouble-shooting**

SCHOOL WIDE DELIVERABLES

- Create mental health collaboration **Well-Being Teams (WBT)** per school.
- **Conduct school mental health quality assessment** at the start of the school year, mid-school-year, and end-of-the-school-year.
- **Train** and **support** teachers and staff to implement mental health work with students (e.g., training teachers and support staff).
- Engage in monthly **webinar discussions** and **professional development sessions** for school staff and members of WBTs.
- Host **meetings, twice per month**, with each school team to:
 - Discuss **management** and **implementation** of **mental health** and **wellbeing services**
 - **Discuss cases** and referral to services, as needed
 - Host or conduct **school-wide quarterly training** on mental health and wellbeing-related topics.
 - **Help create partnerships** with **community health providers**
- Conduct **school-wide wellbeing screeners, three times** per school year.
- Create menus of **evidence-based** and feasible **social-emotional learning (SEL) content** and **protocols** for service providers to use with students.
- **Support** teachers with **SEL implementation.**
- **Consult** with teachers on **student mental health needs.**
- Provide **psychiatry consultation** and **medication management supports.**
